Chair's Update

When we selected the date for Dunton Green's community day ('Summer at the Pavilion') and then discovered that it was the same weekend

as Glastonbury we were a bit worried what the weather would be like. It turned out that we got the hottest day of the year so

far, and many of you joined us for fun, music and food in the recreation ground.

Thanks to all who visited our stall and picked up our new bags, pens and fridge magnets.

Congratulations to Nicola Styles who won the football tickets in our prize draw- we hope you have a great time at Wembley!

Congratulations, too, for our PCSO Amy who recently got married and is now PCSO Best. We really appreciate the work our local PCSOs and Police do in the village.

...Chair's Update

Plans for work on our bike trail in Price's Wood continue. We'll be looking for volunteers to help with the build in the October half term. See page 15 for details about how to volunteer for the build.

I'm sorry to say there's also going to be more roadworks in the next couple of months!! Station Road will be getting a new surface and the 'invisible' chicanes will be removed - at long last! The gas works will return. This time at the Miner's Arms end of the village and heading into Riverhead.

On a brighter note a lot of work has been done to repair the damage done on the village green over recent years during all roadworks that we have seen. We hope to have new hanging baskets up soon and wooden posts to prevent parking are being installed as we go to press.

Don't forget to join us for the Annual Fireworks Display on Saturday 28th September. Full details on the back page.

Part of the solution, or part of the problem?

Another newsletter, and another litter pick. I thought it would be interesting to monitor what types of litter we're collecting every time, and this is what I found to be the most common items:

Cigarette ends:

Loads of these. Mostly outside the shops and interestingly outside houses – where presumably people extinguish their cigarettes before they enter their own house. Lots around bins where they have been stubbed out and then dropped on the floor too. If you don't think this is damaging to the environment, here's a picture of a bird trying to feed its chick a cigarette (taken from the BBC).

If you're a smoker, there are portable ashtrays you can use to keep your dog ends in while you're out, so you don't litter. Google it, they're about 35p. If you're outside your own house – take it inside and put it in the bin!

Cigarette packets and filters:

Again, a lot of these, and the cellophane that covers them. There are litter bins all around the village – hold on to yours until you get to one. Or take it home.

Energy Drink, alcohol and soft drinks cans:

A recent study linked the consumption of energy drinks with a 500% increase in the risk of suffering a stroke – even in otherwise healthy people:

In the study released by the European Society of Cardiology, Professor Milou-Daniel Drici said that energy drinks can lead to “a number of adverse conditions including angina, cardiac arrhythmia (irregular heartbeat) and even sudden death.” Irregular heart rhythm that is left untreated increases your risk of a stroke by five times, according to the British Heart Foundation.

So not only are you spoiling the environment by stuffing these cans into bushes, but you may

be damaging your health too.

All cans can currently be recycled with your weekly waste collection. All you have to do is put it in the recycling bag (provided by the council). That doesn't sound like too much of a stretch.

Glass bottles:

On top of the environmental impact of the discarded bottle, the risk from broken glass, especially to children and animals, is significant. Take it home and recycle it instead, there are recycling points at Sainsbury's, Tesco, and the council recycling centre in Sundridge.

Fast food wrappers, Snack food wrappers – crisps, ready to eat foods, sandwiches, coffee cups, burger wrappers, chip papers:

We don't have a McDonalds in Dunton Green, so people are buying their takeaway food in Otford, driving to our recreation ground to eat it, and dumping their rubbish on the ground, approximately 10 metres from a litter bin. Surely you could stagger 10 metres to a bin and put it in there, instead of dumping it on the ground? The same can be said about chip papers and coffee cups etc. The bins are there...

Plastic bottles:

Thanks to David Attenborough and the team at the BBC's Blue Planet II, the awareness of the staggering impact of single use plastics on the environment worldwide is well known, and the drive to help solve this enormous problem is sweeping the planet. Or so you'd think. But we're still finding large quantities of plastic bottles carelessly dropped on the ground or stuffed into bushes.

Remember that what you drop on the ground often gets washed into the rivers, which empty into the sea...

Plastic bottles are easily recycled, like cans and paper/card, via your weekly waste collection. The council even provide the bags.

All of this led me to think about why people drop litter at all. I think it comes down to this list:

1: accident: things fall out of bags, pockets, buggies etc. OK, maybe. But they don't magically float into bushes and trees, someone puts them there. And yes, foxes do rip open rubbish bags while they're waiting for collection, but if that happens outside your house – please sweep it up.

2: thoughtlessness: that we are somehow not responsible for what we do and what we leave behind is ridiculous. By all means enjoy the countryside and eat a picnic in the rec, but the idea that 'someone else will pick up the rubbish' has to stop. You are someone, pick up your own rubbish. And if you do, but the bag won't fit in the litter bin – take it home with you.

3: carelessness: We've all thrown something towards a litter bin, only for the wind to catch it, or for it to bounce off the rim and fall to the ground. So, have another go - pick it up and put it in the bin.

4: 'kids': This really doesn't hold much water as an excuse. If a child is too young to know about the environment and litter, then they are with someone old enough to know better – pick up after the children you're looking after, teach them. If a child is old enough to be aware of the environment, there's no excuse to not dispose of their litter responsibly – other than...

5: peer pressure: nobody else is clearing up so why should I? Well if not you, then who? Someone has to step up, why not you? Do you really want the world to end up looking like this?

But here we are, not a week since the last litter pick, and we're already seeing rubbish in the rec, along the pavements and footpaths, in the bushes etc. It's frustrating and disheartening.

What now?

There are currently teams of scientists working of various ways to safely destroy/digest/recycle plastic through various fungi, bacteria, insects etc., and others are working on products to replace plastic. Which is all great, but what about the rest of us? Waiting for 'science' to solve the problem for us is

not enough. This issue takes concerted effort from all of us. The answer is clear: be a part of the solution, not part of the problem.

Use less plastic and non-recycled material and pressurise the supermarkets and producers into using responsible packaging (this is already gaining traction): **Reduce**

Take your own bags to the shops, and use reusable drinks bottles (easily available): **Reuse**

Dispose of our waste more responsibly: **Recycle**

Pop In Café - Speakers & Visitors

The lovely Sue Larken who runs the hugely popular Pop In Café in Dunton Green has already arranged various speakers and visitors to come along to the Café. These have included the Kent Fire & Rescue Service (who we know have since visited people's homes to assist with installation of smoke alarms as a result of information shared at the Pop In), a chair yoga instructor and The Take Root Project who talked briefly about their mindfulness walks at Sevenoaks Wildlife Reserve, promoting walking amongst wildlife and people coming to meet each other.

In **October**, the **Friends for Scams** team at NatWest will be coming along to share advice and information about how to avoid increasingly more complex and believable Scams. Pop In and see just what advice they have to offer, talk with Sue and generally spend an afternoon in good company!

Dunton Green Bike Trail – Calling all volunteers

Dunton Green Parish Council has teamed up with Sevenoaks District Council and Live Biking to build a bike trail in Price's Wood, Dunton Green.

This is part of a wider project looking at the general health and conservation of the woodland and wanting to provide this wonderful village asset with some much needed TLC.

The bike trail will be as natural and in keeping with the environment as possible whilst allowing local people to enjoy this space. The trail will be aimed at young people using mountain bikes, BMXs or balance bikes.

The project is still in the planning stages but we are aiming to hold two bike trail build days in the autumn half term on Monday 21 October and Tuesday 22 October 2019 and are seeking volunteers to get involved.

If you would like to come along and help with the build in October please email Ollie on ollie@livebiking.co.uk or call Sarah on 01732 227033 now to express your interest. As the project develops, more information about it will be available on www.duntongreenpc.org.uk and www.sevenoaks.gov.uk

PLANNING (for full details visit the planning tracker on the DGPC website - www.duntongreenpc.org.uk)

PLANNING APPLICATIONS

19/01000/FUL Location: Underwater Lights Ltd, Great

Dunton Forge, London Road

Demolition of existing industrial buildings and erection of new industrial building with accommodation in roofspace, and reconfiguration of car parking serving existing premises. *DGPC-Support. The Parish Council has a few further comments:*

- *The Parish Council is pleased to note that provision is to be made to ensure that the Victorian post box will be reinstated into the new building.*
- *Employment: equivalent number of full-time employees doesn't seem to tie up with number of full & part time employees?*
- *An increase in vehicle spaces from 12 to 17 implies an increase in vehicle movements to & from the site which is already a junction with poor sight lines.*

Existing use & land contamination: The application indicates there are no known or suspected areas of contamination on the site. Given the previous use of the site, there is some suspicion that there is potential for subsoil contamination on the site. The Clerk was asked to check the conditions of the grant and to confirm whether the Victorian post box at the site must and will be included in the new build.

19/01038/FUL Location: Welcome Advertising 114 London Road

Change of use of existing ground floor from A1 to A5 takeaway shop and new flue to rear

DGPC-Support. The Parish Council is broadly supportive of an application that seeks to retain a retail use of this property on the Broadway Parade and welcomes this. However, there are some areas of concern that the Parish Council would like to highlight:

- *Litter: if this is to become a takeaway establishment what provision will there be to ensure that there is not an increase in the already significant volume of litter to be found on or in the vicinity of the parade?*
- *Hours of trading: there are concerns about the impact on neighbouring properties and those dwellings above the retail units should the trading hours not be restricted.*
- *Deliveries: similar concerns to hours of trading if deliveries are permitted at any time of day or night.*
- *Traffic & parking: parking is relatively limited and the impact of a new takeaway establishment on traffic & parking in this area should not be underestimated.*

19/01415/MMA Location: 101 London Road

Amendment to 18/01859/HOUSE

DGPC-No Comment

19/01545/HOUSE-Sunnydene London Road

Demolition of existing garage; insertion of two first floor flank windows; conversion of loft with rear dormer; addition of three roof lights to front and erection of a single storey rear extension. *DGPC-Objection. The Parish Council has concerns about the sheer size of the proposed development, particularly in Green Belt. Clarification is required, regarding the full scope of the expansion of this dwelling - both upwards and outwards. The proportion of the proposed increase appears to be in excess of the permitted percentage increase allowed - the proposed new proportions are significantly larger than the existing dwelling (which may already have been extended from its original footprint). Clarification of the percentage increase permitted in Green Belt and the extent to which this property is proposed to be extended is required. The phrase 'conversion of the loft' does not reflect the full extent of the proposal which is effectively to remove and change the roofline significantly in order to 'convert' the loft space (it is by no means a conventional loft conversion). The Parish Council trusts that SDC's Planning Officers will look carefully at size of the rear extension in relation to the size of the current dwelling and will thoroughly assess the impact on neighbours and the street scene of the proposed raising of the height of the building.*

19/01781/CONVAR-North Downs Business Park Limepit Lane. Variation of condition 5 of application 19/00110/FUL to demolish existing building and ready-mix concrete plant and erection of warehouse building with amendment to substitute “very good” BREEAM to “good” BREEAM. *DGPC-Support*

19/01839/HOUSE-Renhold London Road Demolition of existing rear single storey extension and construction of enlarged single storey rear extension. *DGPC-Support*

PLANNING NOTIFICATIONS

Fancy going for a wander?

A number of local residents have been meeting and walk as an unofficial group around the village.

We meet on Saturday mornings at the pavilion at 10.30am.

We walk for about an hour, have a chat about various topics and put the world to rights! If any other people would like to join us, just turn up - you would be most welcome.

Out and About - 'What Katie Saw'

Information, Gossip and News from Kate our roving correspondent

1. Why, why, why did this have to happen to the lovely beer garden at the Miner's? So glad they caught the culprits...

2. What a contraption! The strangest thing I've ever seen in a kitchen. It was roasting the hog on community day.

3. Some of the Faithworks' team taking shade on the Community day - it was a hot one!!

4. Popped into the Community Day ('Summer at the Pavilion') and there was lots to do, including fantastic local live music. Shame there weren't many people there!

5. Really glad those horribly deep potholes in the road to the recreation ground have been filled in. It was a bit of an obstacle course before!

6. And we don't have to walk over the mud to get onto the tennis court anymore, thanks to this new path. There were freshly repainted lines as well, all done in time for Wimbledon.

7. I hadn't realised until I saw this in the Chronicle that there are still brand new homes

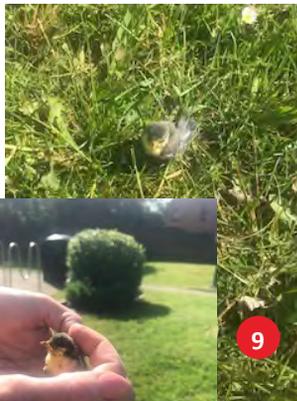

on Ryewood which haven't got decent broadband!

8. Someone didn't miss the opportunity to dump their rubbish in a contractor's skip!!! I suppose you could say at least they didn't fly tip?

9. The nest boxes at the pavilion have proved a hit again this year. Just look at the at the fledglings!

10. Some one actually farming in DG!

What a fantastic view from Longford Meadow. A lovely place to sit.

Community Barn Dance and Silent Auction

*Helping all children at Dunton Green School
to make the most of educational opportunities*

Faithworks is working with other local organisations to set up a bursary fund to ensure all children can participate in the opportunities Dunton Green School offers. To this end we are holding a Barn Dance and Silent Auction for anyone from the village at Donnington Hall on the evening of Saturday 5th October 2019. We would encourage you to come along, have a good evening and help local children.

Through our regular involvement at the School, Faithworks became aware this Spring that a number of children in their final year at the School would need financial help if they were to attend their residential trip. We want to ensure that such children have access to the funds they need to fully participate in important chances like this to grow socially and emotionally, and to make the most of other educational opportunities while they are at our local School.

Tickets for the Barn Dance will be available from the beginning of September at the School and Bojangles Coffee Shop, or you can contact Faithworks. Do come and bring your friends and family.

Age UK Sevenoaks & Tonbridge: an amazing organisation

I was lucky enough recently to visit the Age UK Sevenoaks & Tonbridge HQ in Sevenoaks with DGPC's Chairman, Freda England. With Age UK having such a positive presence in Dunton Green with the monthly Lunch Club and the Pop In Café we wanted to find out more about this wonderful charity and all the services it has to offer.

We truly had no idea of the true extent of Age UK's services and we wanted to share with you a flavour of just what this charity has to offer.

We spoke with Gill Shepherd-Coates, Chief Executive of Age UK Sevenoaks & Tonbridge, and were fortunate to speak directly with members of the small team based at The Old Meeting House to hear first-hand about how the charity makes a difference to people's lives. And without the work of its volunteers, Age UK wouldn't be able to provide everything that it does – they are crucial.

What the charity is able to provide for our older residents is outstanding. Many of its services are offered for free, some might be offered with the expectation of a small donation and others are chargeable (but always at an unbelievably competitive rate).

For example, the charity provides information and advice on what seems like a never-ending range of topics - Help at Home; Health & Wellbeing; Memory Loss & Dementia; Care Agencies; Housing; Social Activities; Care Homes; Money Matters; Legal Advice; Transport, Travel & Leisure. All this information is available to download from their website and we are hoping to make hard copies available at Dunton Green Pavilion as well, Age UK also provide day care; computer training and support; Independent living support; hearing aid clinics; Lunch Clubs; Counselling; Community Befriending Services; Pop In Cafés – ALL in this district.

Even more services that are available include chiropody, hairdressing, reflexology, postural stability classes, stepping out classes. Age UK's Sevenoaks Hollybush centre provides: Chiropody, Hairdressing, Reflexology, Postural stability classes, Stepping out classes

It is simple to make an appointment for any of these services – you just have to call Hollybush Court on **01732 741558**. Location details are available on the contact page of Age UK's website (or you can ask when you make your appointment).

The Advocacy Service was something that we weren't aware of – perhaps you don't know about this vital service either? The Age UK Sevenoaks & Tonbridge Advocacy Service will provide assistance on a range of subjects including: Community care issues; Hospital discharge; Residential and nursing home advice; Dealing with health authorities; Care appeals; Social needs; Housing needs; Accessing legal advice; Concern about physical, emotional and sexual abuse; End of life care planning.

But what is an advocate? Well, they are people who have been specially trained to help older people:

- Convey their point of view to other people
- Access the information they need to make their own choice
- Represent their views to others if they feel unable to do so
- Make up their own mind about an issue

At Age UK Sevenoaks & Tonbridge they aim to help people find solutions to problems that they are facing. They will help people find the correct information, or take the right course of action, and they will be there to support them through any difficulties.

All of these services are, significantly, provided to our community by a charity. Age UK Sevenoaks & Tonbridge does not generate enough income to cover its costs, there is no permanent income stream to ensure that services continue and the charity has to rely on grants and donations. Indeed, a great deal of time is spent trying to secure the funds to help the charity to continue to provide all of these extremely valuable, vital services. With grants from many local authorities either reducing or simply no longer available, there is an ever-increasing need for donations and new funding sources.

Dunton Green Parish Council plays its part in helping to keep Age UK's services here in Dunton Green. Age UK is not charged for the use of the Pavilion as they are here to provide services for the residents of Dunton Green and the Parish Council wants to see those services provided. And the Parish Council has fully funded the Pop In Café for its inaugural year. This is proving to be a hugely successful activity (thanks to Sue Larken for her drive and enthusiasm) and is extremely popular with so many residents. It is highly likely that the Parish Council will continue to fund that activity into future years. It is also wonderful that some of the villages' residents are volunteers with Age UK Sevenoaks & Tonbridge and help to provide these services within their own community.

One day - today, tomorrow, next year, in a decade - you may need or want the services that Age UK offers; you may have a family member or loved one who might benefit. And there is so much advice, information and support available.

PARISH COUNCIL News Highlights...

- * The Parish Council has submitted its TPO Application for woodland health works and the creation of a small bike trail in Price's Woods, working with the SDC Community Development officers and Ollie Ireland from Live Biking. This is a great project promoting health & wellbeing, as well making Price's Wood a real community asset. We hope to see tangible progress on this project by the time we next go to print - look out for information on our website over the coming months!
- * There has been a resurgence of some really unpleasant graffiti in hot spots in the village and, in a bid to deter this anti-social (not to mention criminal) behaviour, the Parish Council is continuing to work with Southeastern and SDC.
- * The Kick Kent charity that has run the Tuesday evening sports sessions over a number of years is no more but the team are still around and providing sessions, fully funded by DGPC. And as well as football, we may be looking at introducing mini tennis sessions too. Watch this space!

Knitting Group

A small friendly group would like to welcome more members to join them for knitting, crochet or any craft that you like doing.

Every 2nd Friday of each month, 10am to 1pm
at Dunton Green Village Hall

For more information please call 01959 525569

DONNINGTON HALL BADMINTON GROUP

We are a mixed ability group and anyone who has played badminton is welcome to get back to the game. As there is only one court we are unable to train new players.

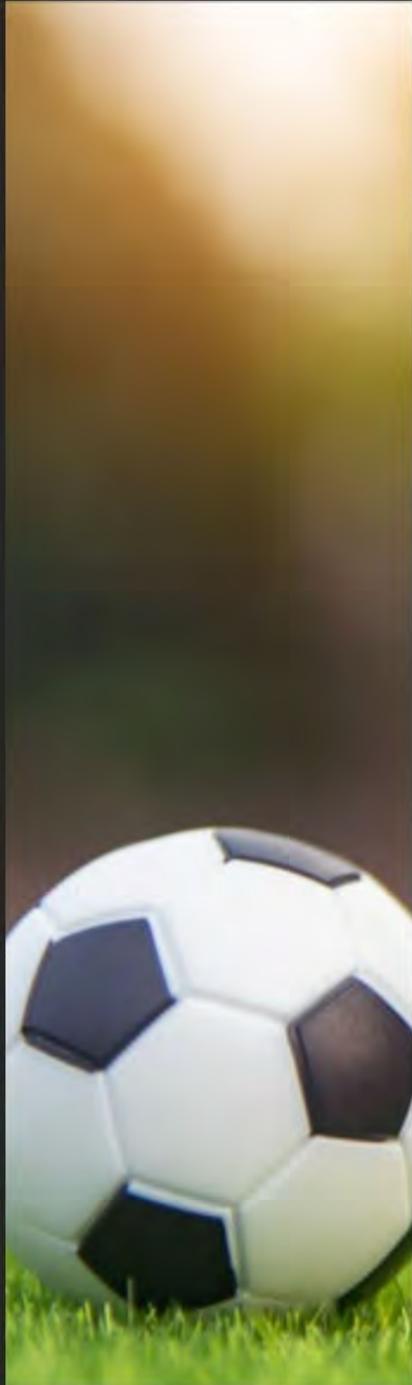

We meet every Tuesday afternoon from 2 to 4 pm. It is pay as you go with no joining fee. So if you are only able to come less regularly it is OK with us. You can come and give it a go – the first session is free and we can lend you a racket. Just wear proper sports shoes.

Just turn up (Donnington Hall, Barretts Road) or for more info phone Gill on 01883 722948 or 077909 12741

INFO PAGE ON DGPC WEBSITE

‘**Police & Community Safety**’ is an information page on the Parish Council’s website (www.duntongreenpc.org.uk) designed to keep residents informed. There are details of our PCSOs and helpful tips and information on a range of topics. There will also be information from the Community Safety Unit. The page will be updated regularly so please check it frequently for the latest updates.

Community Safety Unit (CSU)

The CSU based at Sevenoaks District Council consisting of Police, Council and other agencies have been addressing local concerns that are brought to their attention.

Residents may not always see Police out on their street, but there have been active police patrols in the area due to reports from concerned residents. **Residents should always report any issues whether its drugs, anti-social behaviour or crime to 999 if an emergency or 101 for a non emergency.**

This can also be reported on line by going to <https://www.kent.police.uk/services/report-online/kent-police-online-reporting/>

You can also report any concerns to the CSU via community.safety@sevenoaks.gov.uk or by calling us on 01732 227000

Introducing...

Our newest DGPC councillor, James Copeland

I was born and bred locally, moving to Sevenoaks for primary school before moving to Dunton Green a little over a year ago.

For some time I've had an interest in how local government works, as well as local history and getting involved in the local community. For a number of years I was involved in the residents association of where I lived in Sevenoaks, including helping with the regular maintenance of the local parks, and I still go back to help whenever I'm able to.

New to the Parish Council, having been elected in May, I am looking forward to learning more about the village and making a difference.

If you would like to be involved with the Parish Council please contact the Clerk for more details. People from all walks of life, and different areas of the village, are represented by your current councillors but we still have vacancies which we would very much like to fill!

See page 2 for contact details.

Business Start Up Course

Do you have a business idea, or a fledging business you would like to get off the ground and do not know where to start?

Are you looking for some guidance with financial planning, help with a business plan or someone to help you work out your next steps?

We are looking to run a Business Start Up course in the village in January 2020 if there is enough local interest in this kind of course.

Please get in touch with Sarah or Yulia, community development officers at Sevenoaks District Council on 01732 227033 or email us at communities@sevenoaks.gov.uk

News from Dunton Green Primary School

As the Autumn term begins at Dunton Green Primary School, we look forward to the exciting events this time brings. We welcome our new Reception class and their families to the school community. We also take this opportunity to reflect on some standout moments from the Summer term.

Off the school grounds we made use of the beautiful Sevenoaks area with class trips to local National Trust properties, Ightham Moat and Bodiam Castle. We also organised trips to some great venues further afield, Southwark Cathedral, Camber Sands and Wingham Wildlife Park. Our Year 6 cohort travelled to Norfolk for a residential week in preparation for their move to Secondary school this term. As you read this, they will already be settled into their new schools and we wish them every success in the next chapter of their school lives.

Our Year 5 class wrote personal letters to local businesses and organisations to ask if they would be able to help with our bid to buy iPads for the school. With ever reducing school budgets, any help that is provided to the school is essential and much appreciated. Thanks go to the local Lions who gave a very generous donation, to enable us to buy 3 new iPads and Rivermere Care home that also donated an iPad and presented it to one of our pupils, Holly, at a lovely afternoon tea!

We organised a fantastic Science Week with visits from Wild Science & Night Owls. We made great use of our pond area which has been newly refurbished with the help of funds donated by the Tesco Bags for Help scheme. We were delighted with the support we received from the parents on our community grounds day, where we all worked together to plant hedge screening to the fence that borders the pathway near

the shops. As the years go by, we hope this will provide a more attractive and longer lasting solution to the current bark screening we have in place.

Our Prince Harry class wrote to their namesake, the Duke of Sussex, outlining their concerns surrounding deforestation and the effects on the environment. Great excitement filled the school on the day a huge stack of letters arrived individually addressed to each child, direct from Kensington Palace!

In June, Dunton Green Primary School sent a team to the Sevenoaks District Sports Event which is held annually at Knole

Academy. On a hot Summer evening our team performed exceptionally well across the range of events and gained first place in the middle size schools category. What a great achievement, this is the first time the school have brought the shield home since 2008!

The Dunton Green PTA organised a host of events and we hope that some of you were able to join us at the Summer Fair on May 18th this year.

As you can see, we are a very busy school and we look forward to updating you again in the next edition of the Parish News. If in the meantime you would like to keep up to date with the school events then why not follow our Twitter page @DGprimaryschool.

Headline Act

The Raymond and Mr Timpkins Revue simply have to be seen to be believed. They are without a doubt the maddest, silliest, stupidest, cleverest, strangest and everything else-ist as well as the funniest double act of comedians on the circuit.

After nearly 20 years on the comedy circuit - because don't doubt it these boys are great comedians as well as complete idiots - Raymond and Mr Timpkins continuously change their set list with new rearrangements to catch out even the biggest musical know-it-all in the audience.

"Knockabout duo - really out there!" - **The Guardian**

"Enough silliness to fill a pillow" - **Evening Standard**

Compere

Matt Green has been a stand-up for over ten years and is a resident MC for The 99 Club in London, he performs for many clubs across the UK. A mixture of high energy observational and topical jokes combined with more personal stories and anecdotes.

"Fast, fluent and very funny stand up" - **Venue**

"Seeing Matt Green was an unexpected dream tonight." - **Edinburgh Festivals Magazine**

Introducing...

Ali Woods

Ninia Benjamin is one of the UK's hottest female comedians with a wealth of television, stage and live stand-up experience.

Ninia was catapulted to stardom as one third of **BBC3's 3 Non-Blondes**.

Ninia was recently was a star of the 2018 ITV series **Our Shirley Valentine Summer**.

"Scorching material. Gold" - **City News**

"...an explosion of energy, bombastic Benjamin certainly makes an attention-grabbing entrance" - **Chortle**

AJ Roberts has reached the finals of some of the most prestigious comedy competitions in the country, including So You Think you're Funny & The Amused Moose laugh off. AJ's comedy is an exciting mix of observations, one liners and story's all delivered in his very own unique style.

'Assured, confident and above all funny.' **Mick Perrin**

Caution: this performance will contain some adult humour as well as occasional bad language
